!

Bovenaansluiting toegelaten mits een temperatuurverschil tussen aanvoer en retour van maximum 20°C

Top connection allowed provided there is a temperature difference between flow and return of maximum 20°C

Oberer Anschluss nur zulässig, wenn eine Temperaturdifferenz zwischen Vor- und Rücklauf von maximal 20°C besteht

Raccordement par le haut autorisé à condition qu'il y ait une différence de température entre départ et retour de maximum 20°C

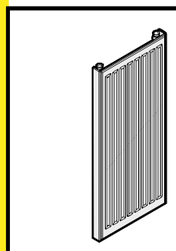

!

Bij bovenaansluiting moet de radiator zowel aan de aanvoer- als retourzijde ontlucht worden.

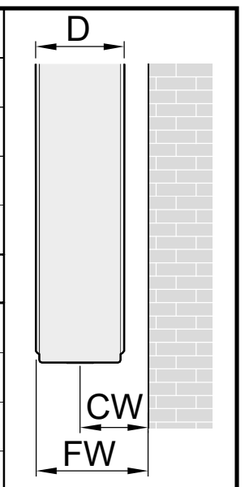

With a top connection, the radiator must be vented on both the supply and return sides.

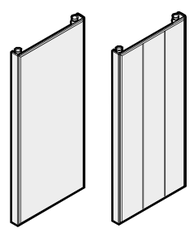

Bei Anschluss oben muss der Heizkörper sowohl auf der Vorlauf- sowie auf der Rücklaufseite entlüftet werden.

Lorsque raccordé par le haut, le radiateur doit être purgé du côté de l'alimentation ainsi que du côté du retour.
