ALONI ALECO ARMOIRE MIROIR – 1 PORTE – AVEC ÉCLAIRAGE – AVEC PRISE COURANT - 61X70X17,5 CM – BLANC

Référence : **ALECO65-S**

Armoire miroir ALONI ALECO à 1 porte, avec éclairage et prise de courant, blanc brillant.

Le miroir cache des étagères de rangement ; la prise de courant permet de brancher un rasoir ou un sèche-cheveux.

Dimensions : 61 × 70 × 17,5 cm (largeur x hauteur x profondeur).

Assortie aux meubles sous-vasque ALECO.

Manual for our LED-mirrors

LED-lights

Lighting Kelvin range: 3500k - 6500k

Warm light

Cold light

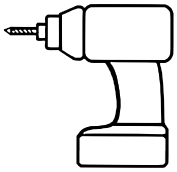

How to switch on/off the LED-light

1. Use the on/off button to trigger the LED light.

2. To change the color of the light, touch the on/off button for a longer period of time. The light will alternate between cold and warm white.

How to install ROUND mirrors

Requirements:

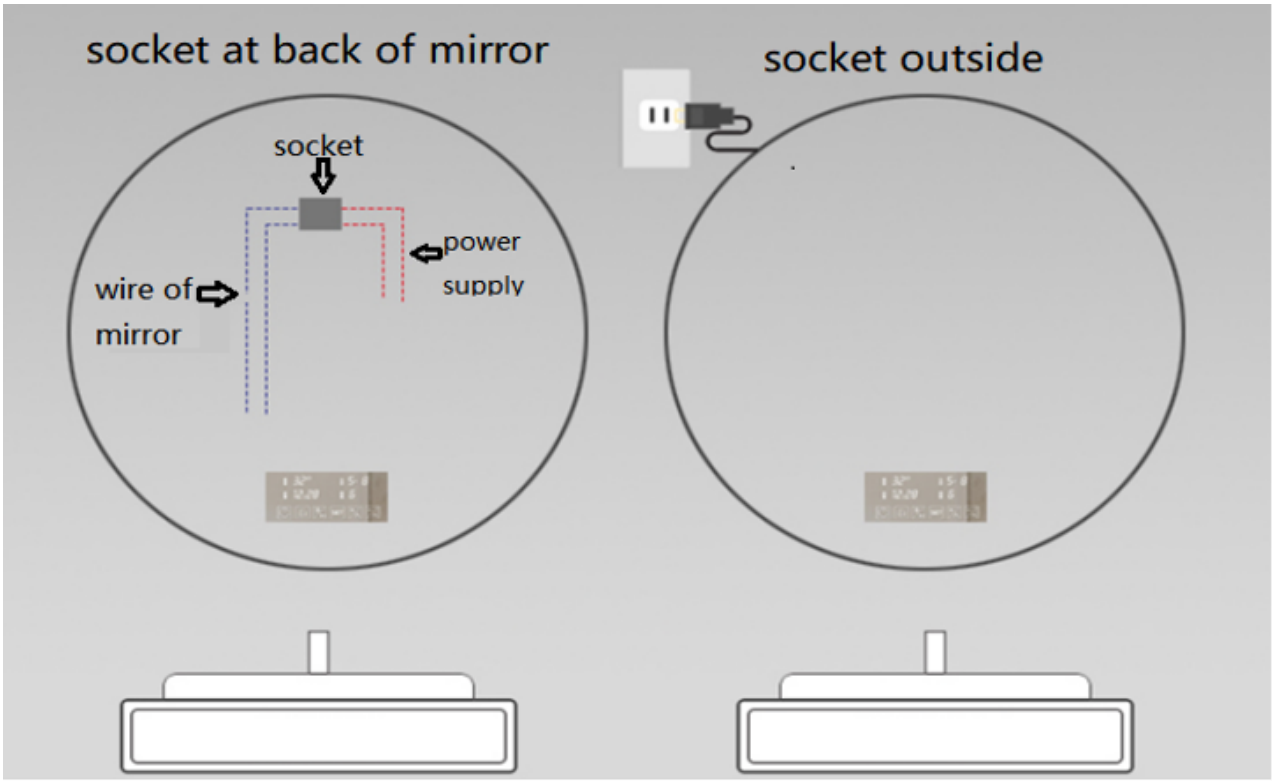

Drill

Screw driver

Hammer

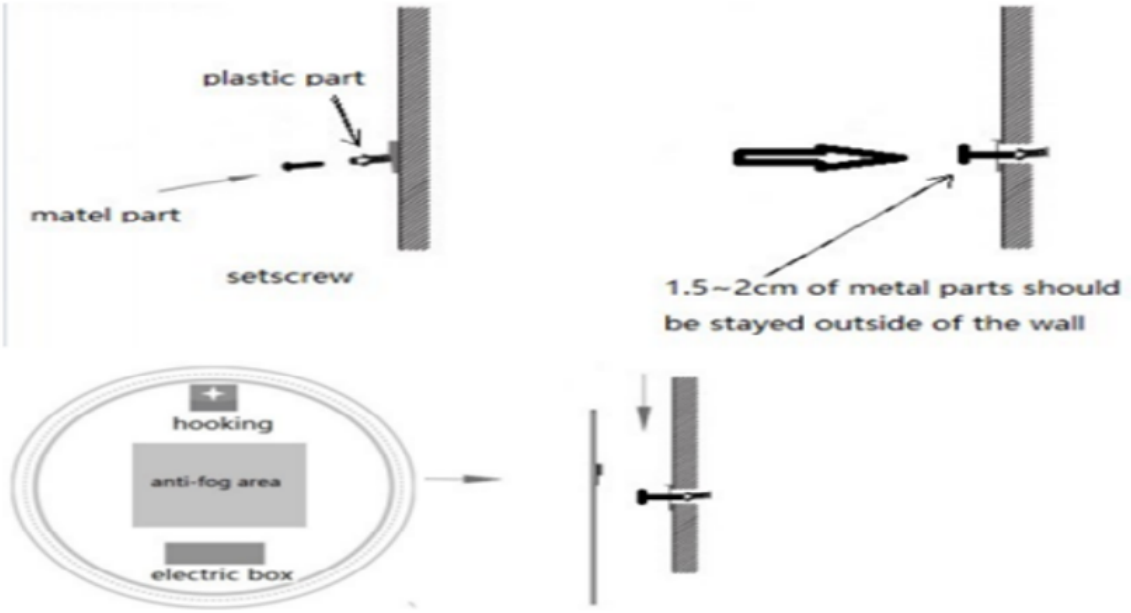

1. Start by drilling a hole in the wall, where you would like to hang the mirror.

2. To set the screw correctly, use a plastic plug first. Then insert the screw.

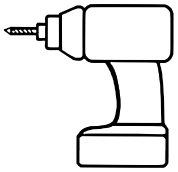

3. Be sure to leave 1,5 - 2 cm on the screw to hang the mirror.

4. Once you're done, hang up the mirror and make sure it is secure and stable.

How to install RECTANGULAR mirrors

Requirements:

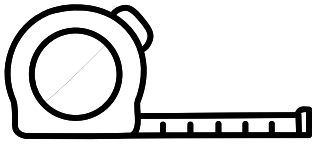

Drill

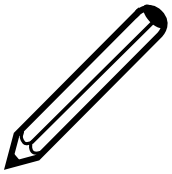

Screw driver

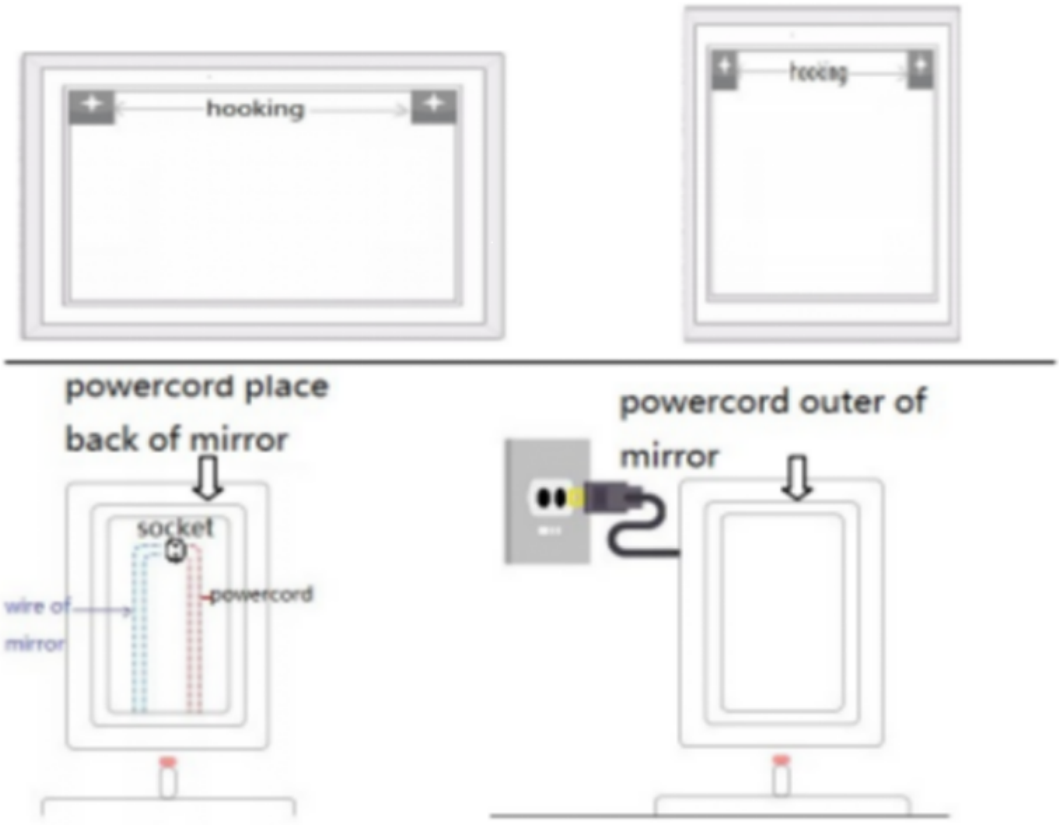

Hammer

Tape measure

Pencil

How to use the extra options

Anti-fog:

1. If your mirror has an anti-fog function, you can trigger the heating by pressing the anti-fog button.
2. Once it is turned on, a heating symbol will be displayed.
3. To turn off the anti-fog function, simply press the anti-fog button again.

Setting the clock:

1. To set the time on your mirror, first press the anti-fog button until the digits of the clock start flashing.
2. Then press the on/off button to adjust the hour and leave it free until the minute digits start flashing.
3. Then press the on/off button again to adjust the minutes. Use one touch to adjust per minute.
